After the VA has received the student's certification, an authorization for benefits is sent to Bethel. The Business Office will submit an invoice for payment to the VA. Receipt of payment will take approximately six to eight weeks. If the student withdraws from a course that was paid by the VA, tuition will be refunded in accordance with accepted government regulations.

Refund Schedule and Withdrawal Policy: Tuition Refunds

After registration, changes made to a student's schedule must be made in consultation with Academic Services at the College of Adult & Professional Studies, and must be completed online or in writing and submitted to the Office of the Registrar. - **Direct Subsidized Stafford:** Federal government pays interest while student is enrolled in school (at least half time, pursuing a degree or certificate) and during a six-month grace period after leaving in-school status. This loan is need-based.
- **Direct Unsubsidized Stafford:** This loan is not need-based. Interest accrues while student is in school. Students may pay the interest while in school. Unpaid accrued interest is capitalized at repayment. Student must be enrolled at least half time.

Maximum Annual Loan Limits for Independent Students

- **First Year:** \$9,500 (No more than \$3,500 of this amount may be subsidized.)
- **Second Year:** \$10,500 (No more than \$4,500 of this amount may be subsidized.)
- **Third and Fourth Years:** \$12,500 (No more than \$5,500 of this amount may be subsidized.)
- **Maximum total Stafford Loan debt:** \$57,500 (No more than \$23,000 of this amount may be in subsidized loans.)

Financial Aid Criteria

Financial aid is calculated with the assumption that students will progress through the sequence of courses in their chosen majors with their assigned cohort group. Students considering a change in enrollment status are strongly encouraged to contact the Office of Financial Aid, the Bethel Business Office, and the College of Adult & Professional Studies academic services office prior to taking any action.

Any federal student loan recipient who graduates, withdraws, transfers to another school, or drops below half-time attendance must complete loan exit counseling. The student will be informed of his or her rights and responsibilities as a borrower, including repayment options for student loans.

Financial Aid Satisfactory Academic Progress (SAP) Policy

Federal regulations require that all financial aid recipients progress at a reasonable rate (“make satisfactory progress”) toward achieving a certificate or degree. This requirement applies to all semesters regardless of whether or not the student received financial aid. Progress is measured by the student’s cumulative GPA, credits earned in relation to those attempted, and the maximum time frame allowed to complete the academic program.

1. **Cumulative GPA:** Must maintain a cumulative GPA of at least 2.00.
2. **Cumulative Credits Earned:** Each student must complete the minimum percentage of cumulative attempted credits as defined below:

<u>Cumulative Completion Percentage</u>	<u>Required Attempted Credits</u>
Fewer than 60	60%
60–89	65%
90 and above	67%

3. **Maximum Time Frame:** Students must complete their degree in a maximum of 183 attempted hours (bachelor’s degree) or 92 attempted hours (associate’s degree). Students are no longer eligible to receive financial aid after they have reached this maximum. For example: If a student has already attempted 175 semester credits, the student will only be aided for up to eight semester credits in the next term.

Earned credits, for purposes of this policy, are those in which the student earns a grade of A, A-, B+, B, B-, C+, C, C-, D+, D, or S. (See: Grades of S and U for maximum allowable credits graded under the S option.)

Notes:

- **Incomplete Classes:** Courses assigned an incomplete grade are included in the cumulative credits attempted. These cannot be used as credits earned until a satisfactory grade is assigned.
- **Withdrawals:** Courses from which the student withdraws after the 100 percent refund period are included in the cumulative credits attempted.
- **Repeated Classes:** Repeated courses enable the student to achieve a higher cumulative GPA. Credits attempted in repeated classes are included in the cumulative credits attempted. Credits earned in repeated classes are not included in the cumulative credits earned.
- **Transfer Students:** All transfer credits accepted by Bethel, including credits earned through elective credit options, will be used in determining when the maximum time frame requirement has been reached. Students may, however, appeal to have only the credits accepted toward their Bethel degree included

in the maximum time frame calculation. Transfer credits are also used when calculating the required completion percentage.

- **Second Baccalaureate Degree Students:** Students who already have a first baccalaureate degree are eligible for loans (not grants) if they are pursuing teacher license or a second degree. Students pursuing a second baccalaureate degree have an additional 183 attempted semester credit hours before exceeding the maximum time frame.

Financial Aid Probation and Termination

Students who do not meet the standards of the Financial Aid Satisfactory Academic Progress (SAP) policy at the end of their spring semester will automatically be placed on financial aid probation for the following academic year. Financial aid may still be received during the probationary period. At the end of the probation period the student must again be making satisfactory academic progress as outlined above or financial aid will be terminated.

Students will be removed from financial aid probation if they are again making satisfactory academic progress.

Financial Aid Appeals

Students who fail to meet satisfactory academic progress standards and lose financial aid eligibility can appeal this decision. The appeal must be made in writing and should be accompanied by appropriate supporting documentation. Appeals should be submitted to the Office of Financial Aid. Acceptable reasons for appeal might include injury or illness of the student, illness or death of an immediate relative of the student, or other extenuating circumstances beyond the student's control.

Re-establishing Financial Aid Eligibility

Students whose financial aid is terminated due to lack of satisfactory academic progress may choose to enroll without benefit of financial aid. Such students may request a review of their academic record after any semester in which they are enrolled without the receipt of financial aid to determine whether they have met the satisfactory academic progress standards. If the standards are met, financial aid eligibility is restored for subsequent terms of enrollment.

Students should consult with a financial aid counselor in the Office of Financial Aid if they have any questions about this policy, the appeal process, or reinstatement of financial aid eligibility.

Return of Title IV Funds Policy

If a student withdraws or is dismissed from Bethel after a semester has begun, the school or the student may be required to return some of the federal aid funds awarded to the student. This "Return of Title IV [meaning 'federal'] Funds" policy is required by federal regulations.

Finances

The federal formula requires a return of Title IV aid calculation if the student received federal financial assistance in the form of a Federal Pell Grant, Federal Stafford Loan, or Federal PLUS Loan, and withdrew from all classes on or before completing 60 percent of the semester.

A student planning to withdraw must notify the academic services manager and complete the required petition to withdraw before the enrollment deposit is refunded. Because the institutional refund policy follows a different formula for reducing tuition, a student may still owe money to the school after all calculations are complete. A student considering withdrawal is encouraged to contact the Office of Financial Aid to determine the effect withdrawing would have on financial aid.

College of Adult & Professional Studies

Continuing Bethel's tradition of academic excellence, the College of Adult & Professional Studies offers adults the opportunity to earn an undergraduate degree in a format designed for people already in a career. Courses will be offered when minimum enrollment standards have been met.

Because Bethel values the rich, diverse experience adult learners bring to the classroom, students actively participate in the learning process. Performance is evaluated primarily on written assignments, class discussions, projects, and small-group participation. Courses emphasize the application of learning to the professional interests of each student. A Christian worldview is integrated with course work throughout the program.

The College of Adult & Professional Studies offers the first 48 credits of required general education courses through the General Studies program. Students can earn an Associate of Arts (A.A.) degree, which requires 60 credits, by completing the 48 credits in the General Studies program and an additional 12 credits of elective courses. Majors offered include: business management, Christian ministries, communication studies, healthcare leadership, human resource management, nursing, and organizational leadership. Minors are offered in business management, Christian studies, communication studies, healthcare leadership, human resource management, and organizational leadership. Certificates in Healthcare Leadership and Human Resource Management are also offered. Detailed information about each degree, minor, and certificate program—including admission and graduation requirements and course descriptions—is provided in this publication.

The core sequence of each major is structured as a series of courses taken one at a time with classes meeting one evening or Saturday morning each week. A supportive learning community is achieved through the cohort model—a small group of usually not more than 24 learners progressing through the program together.

General Requirements for the Associate of Arts Degree

Associate of Arts (A.A.)

1. A cumulative GPA of at least 2.00.
2. A minimum of 60 semester credit hours. Of these, at least 28 credits must be taken in programs that meet Bethel residency requirements.
3. Completion of required lower-division general education curriculum for College of Adult & Professional Studies students and electives, distributed as indicated (see: Academic Information: Associate of Arts Degree).

Academic Information

4. *Application for Commencement* must be submitted to the College of Adult & Professional Studies.
5. Upon completion of requirements 1–4, participation in commencement ceremony.

Students graduate under the requirements of the most current catalog at the time they enter Bethel for the last time. Any substitutions are determined by the College of Adult & Professional Studies.

General Requirements for a Baccalaureate Degree

Bachelor of Arts (B.A.), Bachelor of Science (B.S.)

1. A cumulative GPA of 2.00 and a 2.25 GPA in one's major. The major GPA includes all courses required in the major and all electives taken for the major.
2. A minimum of 122 semester credit hours. Of these, the following must be taken in programs that meet Bethel residency requirements:
 - At least 28 credits
 - At least half of the credits used to meet the requirements of the major

5. A minimum of 37 credits at the upper-division (300 and 400) level.
6. Demonstration of basic competencies in writing, speaking, and computing. Bethel faculty require the applications of these three competencies to regular courses in each major. Student knowledge of basic applications in their fields will be required.
7. Completion of departmental and institutional assessment activities.
8. Upon completion of requirements 1–7, participation in commencement ceremonies is encouraged.

Students graduate under the requirements of the most current catalog at the time they enter Bethel for the last time. Any substitutions are determined by the College of Adult & Professional Studies.

Curriculum

The curriculum in the College of Adult & Professional Studies is designed to provide opportunities for adult learners to develop the skills and insights to live successfully and to serve effectively in the world. The resulting graduation requirements are not a random sampling of academic fields. Instead, they are focused around themes that form a coherent view of the world, with each course designed to help learners develop specific skills applicable to many situations in that world. The general education curriculum, when combined with one of the majors, results in an academic program that is setting the pace for Christian higher education well into the future.

Programs will incorporate six common themes, including:

- Skills, strategies, and plans for self-directed learning;
- Critical thinking skills and dispositions;
- Ethical principles in areas of study and daily life;
- Collaboration, leadership, and communication skills;
- Relationships between Christian faith and program areas of study; and
- Human, social, and environmental relationships in a global and diverse world.

General Education Overview

The General Studies program in the College of Adult & Professional Studies encompasses the courses that all learners are required to take. General education courses have four major themes designed to respond to the world of the future:

Communication	Natural Sciences/Mathematics
Humanities	Social Science

In each required course under these themes, learners work on one or more of the personal capacities, such as mathematics, writing, and speaking. These university-wide requirements, courses in one's major field, and elective courses that learners select constitute the total Bethel academic program and result in a minimum of 122 semester credit hours for graduation. To summarize:

General education and electives	73–85 semester credit hours
Major core sequence	<u>+ 37–49 semester credit hours</u>
Required to graduate	122 semester credit hours

Learners may, of course, take more than the minimum of 122 credits required to graduate. Additional elective credits are created when a general education course also satisfies a requirement for a particular major. This does not reduce the total credits required for graduation.

Academic Information

Minors: There is no general requirement for a minor (second field) at Bethel. Learners may choose to use their elective credits to complete a minor.

General Education Course Categories

Courses that meet requirements for general education categories are designated by the category letter in the course number suffix. For example, MATH180M fulfills general education category “M” (Mathematics).

<u>Letter</u>	<u>Category</u>
E	Global Cultures and the American Mosaic
M	Mathematics
P	Contemporary Christian Issues
R	Reading and Researching the American Experience
T	Technology in Our World
V	Discovering Our Surrounding World
W	Work and Family Dynamics
Y	Health and Wellness

Courses in this category will explore selected topics that challenge learners to make personal and collective choices within the broad demands of life. Courses emphasize either deeper levels of self-understanding or a sharpened sense of some of the complex issues present in our contemporary society. The primary goals are to cultivate holistic and biblically based views of oneself and the world and to facilitate ethical decision making in facing these issues. A "P" course is required of all learners and is offered in the major core sequence in each major.

Academic Information

Natural Science and Mathematics

HEPE260Y • Physical Wellness for Life

In the business management major, this requirement is met by a course in the major core sequence, MATH301M: Managerial Mathematics. In the nursing major, a statistics course is recommended. An "M" course is required at transfer level 6 and down.

Category T • Technology in Our World

Courses in this category address the linkages of science and technology with other aspects of our lives in contemporary society. A "T" course is required at transfer level 4 and down.

Category V • Discovering Our Surrounding World

Courses in this category are designed to introduce the process of modern science and science as a way of knowing via an in-depth examination of a specific science content area, including biology, physics, chemistry, geology, general science, astronomy, or closely related fields. A "V" course is required at transfer level 6 and down.

Social Science

Academic Information

GENS240 • Christianity and Civilizations

Survey of the mutual influence of the Christian church and the civilizations that arose from the Roman Empire. Learners will consult historical documents, literary and philosophical texts, video and audio clips, and artistic images. They will reflect on how the past shapes and informs the present. GENS240 is required at transfer level 6 and down.

Category E • Global Cultures and the American Mosaic

Courses in this category aim to develop an understanding of ethnic cultural diversity as manifested in areas such as religion, politics, the arts, language, literary forms, etc. This descriptive study illustrates the reality of cultural diversity and the ways in which cultures interact, and helps learners come to a deeper understanding of what it means to live in a culturally diverse world. In the Christian ministries and nursing majors, this requirement is met by a course in the major core sequence. An “E” course is required at transfer level 5 and down.

Category R • Reading and Researching the American Experience

Courses in this category will use readings and activities to explore a cultural theme (e.g., history of work, pop music, immigration, worship, race relations, the American myth in literature and film, etc.) within the American experience across the span of American history. This exploration will investigate the diverse traditions out of which today’s America has emerged and the role played by the Christian faith in shaping the American experience. By personally researching an aspect of the American experience, learners will develop their skills in information literacy and documentary research to a level commensurate with work that will be expected of them in upper-division college classes. A Bethel librarian will share the task of teaching the class. An “R” course is required at transfer level 3 and down.

Category W • Work and Family Dynamics

Courses in this category will be led by an instructor with a background in history or one of the social or behavioral sciences (psychology, sociology, anthropology, economics, gerontology, or the like) who will bring the power of his or her discipline to bear on an issue that is likely to be of primary concern to many of the learners in the program (e.g., sociology of work, gerontology and aging family members, economics of the job market, etc.). A “W” course is required at transfer level 3 and down.

Elective courses are open to College of Adult & Professional Studies students, but may be offered on a different schedule.

NOTE: The College of Adult & Professional Studies elective courses are not open to degree-seeking students currently enrolled in the College of Arts & Sciences.

Elective courses may be taken:

- To fulfill prerequisite or general education requirements.
- When students are working toward admission to a degree-completion cohort.
- To meet minimum credit requirements for graduation.
- To fulfill prerequisites for students working toward admission to a graduate program.
- For personal interest or to foster personal growth.

Elective Credit Options

In the admission process, applicants receive an academic evaluation to help them plan how to complete prerequisites and/or general education requirements needed, if any, in conjunction with their admissions advisor.

NOTE: Applicants do not need to pursue elective credit options if they meet all the prerequisite and general education courses required for admission and graduation, and transfer in the following number of semester credits:

<u>Major</u>	<u>Semester Credits</u>
Business Management	80
Christian Ministries.....	80
Communication Studies.....	73
Healthcare Leadership.....	82
Human Resource Management.....	79
Nursing.....	85
Organizational Leadership	82

Option 1

Credit from Regionally Accredited Institutions

Students may transfer credit to Bethel by submitting official transcripts from regionally accredited institutions for evaluation. Elective courses offered through the College of Adult & Professional Studies at Bethel University are listed in this catalog in the respective academic disciplines.

Academic Information

Option 2

Selected Military Training

College of Adult & Professional Studies students may receive college credit earned through military training if the American Council on Education (ACE) has recommended credit. An AARTS, CCAF, or SMART transcript is required. (A copy of DD form 214 or DD form 295 is sufficient in certain cases.)

Option 3

Standardized Subject Examinations

Following thorough study, College of Adult & Professional Studies students may earn college credit by taking DANTES or CLEP standardized examinations, which are equivalent to college courses.

- **DANTES:** For the convenience of students, Bethel offers online DANTES examinations several times each month. Approximately 35 DANTES examinations are available on a variety of academic subjects. With a passing score, three semester credits are earned.
- **CLEP:** Examinations are administered at various testing sites in the Twin Cities. Approximately 35 CLEP examinations are available on a variety of academic subjects. With a passing score, college credit is earned. Note: CLEP scores become invalid after 20 years.

Option 4

Selected Professional Training/Examinations

- **Professional Training:** Extended training seminars at a workplace may qualify for college credit if the American Council on Education (ACE) has recommended credit. For example, courses from the U.S. Postal Service may meet requirements. The nursing faculty will individually evaluate professional certificates (e.g., Basic Life Support, Advanced Cardiac Life Support) for College of Adult & Professional Studies nursing students.
- **Professional Examinations:** Professional examinations may qualify for college credit if the American Council on Education (ACE) has recommended credit. For example, LOMA, PSI, or the National Court Reporters Association examinations may meet requirements.

Option 5

Documented Prior Learning

Some college-level learning obtained through work or life experience may be demonstrated by the documented prior learning (DPL) portfolio process. Based on an evaluation of a portfolio, Bethel University faculty will determine if credit will be awarded. This process requires the following steps:

1. Complete the documented prior learning portfolio online preparation course. Contact the prior learning coordinator for details about how to register.
2. Submit a DPL portfolio that combines college-level knowledge of theory with practical experience. The essay must include information from several published sources. Add copies of relevant documentation.

Academic Information

For College of Adult & Professional Studies nursing learners, possible areas of documented prior learning include:

- **Manual Writing:** Submit a procedure manual with original material. Manuals must be accompanied by an essay demonstrating the learner's knowledge about the topic and about the process of writing a procedure manual.
- **Scholarly Publications:** Submit publications. An essay about how to write articles for specific audiences also may be required.

Elective Credit Options Guidelines

1. Credit earned through elective credit options follows the guidelines listed below:

Options 1 and 2: Official transcripts and DD form 214 or DD form 295 (an AARTS, CCAF, or SMART transcript is preferred) will be reviewed by academic services to determine the number of credits Bethel will accept.

Option 3: Total credit from this option may not exceed 30 semester credits.

Options 4 and 5 (Prior Learning Assessment): Total combined credits from Options 4 and 5 may not exceed 30 semester credits. Prior learning assessment (PLA) credit will not be awarded beyond that which can be applied to the degree.

These totals also apply to credit earned from competency-based education (CBE) at other regionally accredited institutions. Credit earned through Options 4 and 5 is identified on the transcript as *Prior Learning Assessment Credit*.

2. Credit is awarded only when the content does not overlap or repeat courses already on a student's transcript. To avoid overlap or repetition, approval from academic services or a prior learning assessment advisor will be required.
3. All official transcripts for transfer credit and all submissions for prior learning assessment credit must be submitted to the College of Adult & Professional Studies no later than six months after the student's final class session. Permission to exceed this time frame is required from the academic services manager for transfer credit or from the prior learning assessment advisor for prior learning assessment credit.
4. Bethel awards credit for Options 2 and 4 based on recommendations in the *American Council on Education Guide to Educational Credit by Examination*; *American Council of Education National Guide to Educational Credit for Training Programs*; *The Directory of the National Program on Noncollegiate Sponsored Instruction*; and the *American Council on Education Guide to the Evaluation of Educational Experiences in the Armed Forces*.

Academic Information

Credit for Prior Learning

Bethel University is one of more than 900 American colleges and universities listed in the *Directory of the National Program on Noncollegiate Sponsored Instruction*, a publication of the American Council on Education.

More than 500 accredited institutions or institutionally affiliated individuals are members of the Council for Adult and Experiential Learning (CAEL), of which Bethel is a member. Bethel follows the national standards established for prior learning by CAEL.

Transfer Student Requirements

The College of Adult & Professional Studies accepts transfer credit based on the source of credit, level of credit, grade received, and content of course work (see General Education Requirements section of this catalog).

Credit is acceptable from regionally accredited institutions of higher education. With limitations, credit is also acceptable from Bethany College of Missions in Bloomington, MN; institutions of higher education accredited by the Association for Biblical Higher Education (ABHE); other Bible colleges; international schools; and nursing diploma schools.

Course work must be designated by the originating institution as freshman-level or higher, typically 100 or 1000 level.

Courses receiving a satisfactory passing grade will be accepted in transfer. With limitations, grades of *CR* (Credit), *P* (Pass), and *S* (Satisfactory) are acceptable. When grades are transcribed as percentages only, grades must be 70 percent or higher. Students must have a cumulative grade point average (GPA) of 2.00 or higher on a 4.00 scale on all previous academic work. Nursing applicants must have a GPA of 2.50 or higher.

Courses must be either equivalent to a Bethel course or philosophically fit with Bethel University's conceptualization of a liberal arts education. Occupational, technical, or vocational course work typically does not meet these criteria.

For more information regarding transfer credit policies, contact the manager of academic services, at 651.635.8033 (800.255.8706, ext. 8033).

Academic Information

Calendar and Student Load

Bethel University operates on a semester calendar. For students in the degree-completion phase the calendar of class sessions for the full program is found in Blink (blink.bethel.edu).

Student load for each semester is:

1. Full time = 12 credits or more per semester
2. Part time = fewer than 12 credits
 - a. Half time = six – 11 credits
 - b. Less than half time = fewer than six credits

Applying for an extension or a grade of *Incomplete* in a course does not extend a student's enrollment beyond the final date of class. Dropping below full-time or below half-time status may affect the student's eligibility for certain financial aid programs. If students are working full time, it is not usually recommended that any other courses be taken concurrently with College of Adult & Professional Studies courses.

Class Attendance

Students are accountable for all required work in each of their courses. They must assume full responsibility in a way satisfactory to the instructor for class and clinical attendance and for work missed because of absence. Since class sessions function not merely for individual learning but also for group interaction, absence can become a serious problem for both the individual and the group.

Due to the concentrated, accelerated nature of the programs and emphasis on participatory learning, all students are expected to be in attendance at every class session and clinical as scheduled. Students must contact the instructor in the event of absence due to illness or other emergency. Students are responsible for the content and activities of the class session, even if they were not in attendance. Under extreme circumstances, up to 20 percent of class time may be excused when arranged with the instructor. Make-up work may be assigned by the instructor in the event of an absence. Individual instructors will determine to what degree absence and tardiness affect the class grade. If more than 20 percent of class time is missed, the student and the instructor must meet to discuss whether continuing in the course is viable. In most circumstances the course must be retaken if more than 20 percent of class time is missed.

Attendance Requirements for Students Auditing a Course

Auditing is defined as “observation in the classroom setting.” Auditors are required to meet the attendance and other requirements set by the instructor. Auditors who do not meet the attendance and other requirements will be graded W. Participation

Academic Information

for auditors beyond attendance in class activities is at the instructor's discretion. Students may change their registration status in a course between credit and audit no later than the midpoint of the course.

Prerequisites

Program prerequisites are listed with each major's admission requirements.

Course prerequisites are listed with each course description.

Changes in Registration

1. Any student needing to add, drop, or change course registration may do so through Blink (Student Academics tab > Registration Tools channel > Add or Drop Classes). Drop classes through the Action menu above the course listing. Add classes through the Add Classes Worksheet (use Class Search to find course registration numbers). Contact academic services for further assistance.
2. The student is responsible for all charges incurred (see: Tuition and Fees) and for any loss of financial aid or change of loan deferment status.
3. A new course may not be added without Business Office permission to register.
4. Regulations for dropping a course are explained in this catalog (see: Grading System – Grade of W).
5. No change of registration is complete until a petition form has been properly completed and filed with academic services.

Grading System

Course work is evaluated on the following scale:

<u>Grade</u>	<u>Definition</u>	<u>Grade Points</u>	<u>Grade</u>	<u>Definition</u>	<u>Grade Points</u>	
A	Exceptional	4.0	CR	Credit	NA	
A-		3.7	I	Incomplete	NA	
B+		3.3	IP	In Process	NA	
B	Good	3.0	NR	Not Reported	NA	
B-		2.7	S	Satisfactory	NA	
C+	Satisfactory	2.3	U	Unsatisfactory	NA	
C		2.0	W	Withdrawal	NA	
C-		1.7	X	Audit	NA	
D+		1.3				
D		1.0				
F	Minimally Acceptable	0.0				
	Failing					

Academic Information

An instructor has the option of affixing a minus to the grade of *A*, a plus or a minus to the grades *B* and *C*, and a plus to the grade of *D*. A plus increases the number of grade points awarded by 0.3, and a minus decreases the number of grade points awarded by 0.3. All grades are considered final and are not subject to change except for errors in calculation, or as a result of a formal grade appeal process. Contact academic services for procedure. The *I* is changed when work is completed (see: Grade of *I*).

The GPA is determined by dividing the number of grade points by the number of credits the student has attempted. Courses with the following grades are not included in the GPA calculation: *W*, *I*, *S*, *U*, *X*, *NR*, *IP*, and *CR*. Any course may be repeated, in which case only the last attempt is used in computing the GPA.

The GPA is calculated only on the basis of credits attempted at Bethel. In order to receive a baccalaureate degree, a student shall have earned at least a 2.00 overall GPA and a 2.25 GPA in the major.

Grade of *X*

The grade *X* is given when a student audits the course. Students wishing to audit a course must secure the consent of the academic services manager and the course instructor at the beginning of the term for such enrollment status. Not all courses are available to audit. Auditing at Bethel is defined as observation in the classroom setting. Auditors are required to meet the attendance requirements set by the instructor. Students who do not meet the attendance requirements will be graded *W*. Participation beyond attendance in class activities is at the instructor's option. A student may change to or from audit status with the instructor's approval only during the first half of the course.

Grade of *W*

The grade *W* is given only to a student who officially drops a course after the first session and before the midpoint of the course. Course drops are official on the date the request is received by the academic advisor. Learners may withdraw from a course (or change from credit to audit) until one-half of the course has been completed. Any learner dropping a course after that time will receive the grade they have earned to that point. If no grade is indicated by the instructor, a grade of *F* will be assumed. Extenuating circumstances which may warrant exception to the withdrawal policy will be considered on a case-by-case basis. Note that scheduled online sessions count as "class sessions" when determining refunds and grade-type changes. Any refund due to withdrawal will be governed by the refund policy (see: Finances).

Academic Information

Grades of *S* and *U*

The *S/U* grading option is used in designated courses as indicated in the course description. Other courses are graded on an *A–F* basis. A student may count no more than 12 credits of *S/U* graded courses toward graduation requirements. The *S* grade indicates at least *D*-level achievement.

Grade of *I*

The grade *I* is given when a student is unable to complete the course requirements in the regular time due to extenuating circumstances beyond the student's control. The incomplete must be negotiated with and approved by the instructor before a grade of *I* will be allowed. A *Contract for Grade of Incomplete* form is available through Blink (Home tab > Forms channel > CAPS Programs > CAPS Students > Contract for Grade of Incomplete). Remaining work must be of the kind that can be done largely through the independent effort of a student. Unless the grade of *I* is removed by the deadline stated in the contract, the student will be graded for the course according to the terms of the contract.

The maximum deadline the instructor may assign for the removal of the *I* grade is six weeks. Students with multiple grades of *I* may be required to withdraw from their original cohorts and finish their program with another cohort after all grades of *I* have been resolved.

Grades of *IP* and *NR*

The grades *IP* and *NR* are generated for administrative use only.

Grade of *CR*

The grade *CR* is used for course work and excluded from GPA calculations.

Transcripts

Transcripts showing all academic work done to date at Bethel are available at the Office of the Registrar. Official and unofficial transcripts may be obtained from the Office of the Registrar at the cost of \$2 per transcript. The registrar requires a written request to release each transcript, in accordance with The Family Educational Rights and Privacy Act of 1974. No information (e.g., grades, credits, honors) will be released over the telephone.

Bethel Transcript Request form is available through Blink (Home tab > Forms channel > CAPS Programs > CAPS Students > Bethel Transcript Request). A letter including the student's name, address, Bethel student ID number, number of transcripts requested, to whom they should be sent, and the student's signature is also acceptable. Indicate if the transcript should be delayed until a specific course grade or degree is posted on the transcript. Address all transcript requests to the Office of

Academic Information

the Registrar, 3900 Bethel Drive, St. Paul, Minnesota 55112. Allow two working days for processing. A transcript cannot be released if there is an unpaid balance on the student's account. Contact the Business Office with account questions.

To protect privacy, the Office of the Registrar does not encourage sending transcripts by fax. In an emergency, a transcript can be faxed for a fee of \$10 payable in advance. In most cases, it is also necessary to mail the transcript to the institution or agency requiring an official copy of the student's transcript. If a transcript request is faxed to Bethel, the transcript will be sent out by mail unless otherwise indicated.

Degree Honors

Honors at graduation for bachelor's degrees will be awarded to learners who achieve a cumulative CAPS GPA of 3.90 or higher.

Commencement Ceremony Honors

Honors in the commencement program and ceremony for bachelor's degrees will be recognized for learners who have achieved a cumulative CAPS GPA of 3.90 or higher as of March 31 for the spring ceremony and as of October 31 for the fall ceremony.

Academic Progress, Probation, and Dismissal

1. Academic Warning

Students are given an academic warning any time their cumulative GPA is below 2.00 overall and/or below 2.25 in their major.

2. Academic Probation

Students are placed on academic probation when they are not in good academic standing as defined below or their GPA in their major is below 2.25.

<u>Cumulative Semester Credit Hours</u>	<u>Minimum Cumulative GPA for Good Standing</u>
0–29	1.65
30–59	1.85
60–74	1.95
75 or more	2.00

Academic Information

3. Academic Dismissal

The following students will be subject to academic dismissal:

- a. Students who have not achieved the minimum GPA for good standing and a minimum GPA of 2.25 in their major after two semesters of academic probation
- b. Provisionally admitted students who do not meet the requirements of their provisional acceptance
- c. Students who do not meet the stipulations set at the time of being placed on academic probation

Patterns of poor performance not listed above also may lead to academic dismissal. Academic warning and academic probation do not always precede academic dismissal.

4. Appeals

Student appeals of academic decisions of the registrar must be filed according to the College of Adult & Professional Studies Academic Appeals Process policy. *Academic Appeal* form is available through Blink (Home tab > Forms channel > CAPS Programs > CAPS Students > Academic Appeal).

Grade Forgiveness Policy

Current students who have returned to Bethel after an absence of at least six years may petition to have their earlier work removed from the current cumulative GPA calculations. All prior academic work at Bethel will then be treated as transfer credit in the calculation of all GPAs for academic status, and will appear only as credit on all official transcripts. Students who receive grade forgiveness are not eligible for degree honors.

Academic Honesty

Since Bethel University is a Christian academic community, its fundamental purpose is the pursuit of knowledge and the development of growing Christian persons. Essential to the success of this educational mission is a commitment to principles of ethical academic integrity. Every member of the university community is responsible for upholding the highest standards of honesty at all times. Students, as members of this community, are also responsible for adhering to the principles and spirit of academic honesty. Violation of honesty standards can result in denial of credit (*U* or *F*) in a course, as well as dismissal from the university. Penalties are given at the discretion of the faculty member, and offenders may be referred to the dean of the College of Adult & Professional Studies/Graduate School. Students charged with a violation have the right to appeal any disciplinary action. Contact the academic services manager for details on the appeal process.

Academic Dishonesty Definitions

Activities that have the effect or intention of interfering with education, pursuit of knowledge, or fair evaluation of a student's performance are prohibited. Examples of such activities include, but are not limited to, the following definitions:

- **Cheating:** Using or attempting to use unauthorized assistance, material, or study aids in examinations or other academic work, or preventing or attempting to prevent another from using authorized assistance, material, or study aids. Examples: using a cheat sheet in a quiz or exam, altering a graded exam and resubmitting it for a better grade, etc.
- **Plagiarism:** Using the ideas, data, or language of another without specific and proper acknowledgment. Examples: misrepresenting another's work (paper, lab report, article, or computer work) as one's own original creation and submitting it for an assignment, using someone else's ideas without attribution, failing to cite a reference or to use quotation marks where appropriate, etc.
- **Fabrication:** Submitting contrived or altered information in any academic exercise. Examples: making up data for an experiment, fudging data, citing nonexistent or irrelevant articles, etc.
- **Multiple Submission:** Submitting, without prior permission, any work submitted to fulfill another academic requirement. Example: submitting the same paper for two different classes, etc.
- **Misrepresentation of Academic Records:** Misrepresenting or tampering with, or attempting to tamper with, any portion of a student's transcripts or academic record, either before or after coming to Bethel University. Examples: forging a registration form or a change of grade slip, tampering with computer records, etc.
- **Facilitating Academic Dishonesty:** Knowingly helping or attempting to help another violate any provision of this code. Example: working together on a take-home exam or other individual assignment, etc.
- **Unfair Advantage:** Attempting to gain unauthorized advantage over fellow students in an academic exercise. Examples: gaining or providing unauthorized access to examination materials (either past or present); obstructing or interfering with another student's efforts in an academic exercise; lying about a need for an extension for an exam or paper; continuing to write even when time is up during an exam; destroying, hiding, removing, or keeping library materials; etc.
- **Computer Crimes:** Damaging or modifying computer programs without permission. Examples: software piracy, hacking, constructing viruses, knowingly introducing viruses into a system, copying programs and data belonging to others, etc.

Academic Information

Academic Appeals

Appeals related to academic dismissal are made to the College of Adult & Professional Studies Academic Appeals Committee. Consult the academic services manager for procedures.

All other academic appeals (course grades, graduation, status in programs, academic dishonesty, decisions of the registrar in applying academic policies, complaints about course content or procedures, etc.) are handled in the following manner:

1. Within three weeks following the decision or incident in question, the student will seek to resolve the matter first with the instructor, or with the party directly responsible for the decision, and then with the program director, department chairperson, or faculty committee (hereafter referred to as program director).
2. If, after talking with the instructor and the program director, the student still thinks he or she is being treated unfairly, or not in accordance with announced academic policies, the student may appeal in writing to the dean of the College of Adult & Professional Studies/Graduate School. This written appeal must be received within three weeks after the decision or incident in question.

Concurrent Registration

Students who are regularly registered in the College of Adult & Professional Studies may take College of Adult & Professional Studies elective courses, certain courses from other College of Adult & Professional Studies majors, courses from other Bethel University programs, or courses at other regionally accredited institutions for credit if they have prior consent of the academic services manager.

The College of Adult & Professional Studies courses are not open to degree-seeking students currently enrolled in the College of Arts & Sciences at Bethel University.

Classification of Students

The official classification of students is made on the basis of a student completing credits according to the following schedule:

Freshman: fewer than 30 credits

Junior: at least 60 credits

Sophomore: at least 30 credits

Senior: at least 90 credits

At the freshman and sophomore levels, students may enroll only in lower-division courses (100- and 200-level). Students must have at least junior standing to enroll in 300- and 400-level courses.

Academic Information

Extracurricular Activities

Students in the College of Adult & Professional Studies are not eligible to participate in the College of Arts & Sciences-sponsored extracurricular organizations and programs, including competition sports, music ensembles, study abroad programs, etc.

Readmission Procedure

Former students who wish to re-enroll at Bethel must submit a *Petition to Add Course Registration* and obtain permission to register from the Business Office. In addition, students who have been away for one full semester or more must file an *Application for Readmission*. Contact the College of Adult & Professional Studies Admissions Office for forms and procedures.

Directed Study

Depending on the major, a student may be required to complete a directed study experience or may have the option of completing an elective directed study experience in their major under the guidance of a faculty member and receive academic credit. The directed study may consist of independent reading and/or research, or travel with related study. Students shall design such an experience in cooperation with academic services and the faculty member who is to supervise it. A directed study will receive course number 470 in the appropriate discipline.

Elective Directed Study Policy

1. Students may engage in an elective directed study under the following regulations:
 - a. The proposed study must embody significant academic purpose and content, equal in quality to a regular course, yet be of such a nature that it cannot be obtained within an existing course. The amount and distribution of work should be similar to that of a regularly offered course of comparable credit.
 - b. Students must have demonstrated in program course work that they have the capability and background to study independently. Students must have an overall GPA of 3.00 or higher as certification of this ability.
 - c. Students may take only one directed study per term and no more than a total of two directed studies toward graduation. A faculty supervisor may direct no more than two directed studies per term.
 - d. Upon fulfilling the agreement, students receive credit on their transcript for the course as titled. A copy of the agreement will be placed in a student's permanent file. Directed study is graded on an A–F basis, not *S/U*.

Academic Information

2. Complete the following procedures to obtain approval of a directed study proposal:
 - a. The *Directed Study Agreement* form is available through Blink (Home tab > Forms channel > CAPS Programs > CAPS Students > Directed Study – PDF).
 - b. The student meets with the faculty member who will supervise the study. They jointly prepare the agreement form, listing the objectives of the study, its relationship to the student's overall program, the specific content and procedures of the study, the definition of student and faculty roles, and the product or response to be made by the student on which his or her learning will be evaluated, and the number and frequency of regular contacts between the student and supervisor. Students doing research off campus will contact their supervisor by phone at regular intervals, at the student's expense.
 - c. The *Directed Study Agreement* is then submitted to the program director for approval, if different from the supervisor of the study, and to academic services.
 - d. The student submits the completed and signed agreement to the Office of the Registrar during the registration dates for the term in which it is to take place.
 - e. The approval of the registrar validates the agreement.
 - f. Should the student wish to appeal a rejection by the registrar, the proposed agreement will be reviewed by the College of Adult & Professional Studies Academic Appeals Committee.

The Family Educational Rights and Privacy Act (FERPA)

The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, is a federal law enacted to establish procedures for disclosing information contained in student records and to protect the privacy of these records. The Act applies to currently enrolled students beginning at the point of deposit (“fee paid”) and former students, but does not apply to individuals who have applied for admission, but never attended Bethel University. Applicants for admission who are denied enrollment or who are accepted but do not deposit do not have a right to review their records. Information obtained on a former student subsequent to graduation or termination of enrollment is not covered under the Act (e.g. data accumulated on alumni). All rights under the Act cease when a person dies—the university will decide on an individual basis what records of deceased students can be released and to whom they will be released.

Academic Information

Bethel University will notify students annually of their rights under the Act by publishing such information in the university catalog. A complete policy is included in the College of Adult & Professional Studies/Graduate School Student Handbook at Bethel University or from the Office of the Registrar.

Currently enrolled and former students have a right to inspect their educational records upon written request. Students must request permission in writing to inspect their records and must present that request to the appropriate office as noted in item three of this policy. The records will be made available to the student for inspection not more than 45 days following the request. A university employee will be present while the student inspects his or her records.

Academic Programs and Disciplines

Course Numbers, Levels, and Credits

The primary purpose of Bethel's course number system is to identify the intended clientele of each course, its level of content and material, and any necessary course background. Courses are primarily designed for students at the levels indicated below. Students must have at least junior standing to enroll in 300- or 400-level courses.

100s: Freshman

300s: Junior

200s: Sophomore

400s: Senior

Courses in a major core sequence are numbered in the 300 and 400 series, thus qualifying them to count toward the upper-division credits required for graduation.
